MANAGEMENT COMMITTEE

The AGM of the Retired Members' Association of the TUI requests the TUI Executive to use the surplus money in the post-primary teachers sectoral bargaining fund as a general pay increase for post primary teachers.

RMA TUI DUBLIN BRANCH

This AGM of the RMA TUI urges the Union to take action to ensure that where agreed increases are not implemented at the stated time, particularly during periods of high inflation, an additional sum should be added to the increase to reflect the level of inflation between the stated time for the increase and its actual implementation

MANAGEMENT COMMITTEE

The AGM of the Retired Members' Association of the TUI notes the:

- (i) the introduction of the Additional Superannuation Contribution (ASC) has resulted in serving members paying a significant percentage of pay towards their pension.
- (ii) extract from letter, dated 9 September 2022, from Minister for Public Expenditure & Reform, Michael McGrath.
"I have agreed that the current pensions increase policy, of maintaining parity between the pay of serving staff and pensions, will be extended for the duration of the new pay agreement."

The AGM of the Retired Members' Association of the TUI requests the TUI Executive to insist that the retention of the link between the pay of serving colleagues and the pension applicable to retired peers is put on a statutory basis.

MANAGEMENT COMMITTEE

The AGM of the Retired Members' Association of the TUI requests the TUI Executive to demand that the Public Services Committee of the ICTU actively oppose and reject clauses in any future pay agreements that weakens the pay/pension parity link between the pay of a serving grade and the pension of the person who retired on that grade or its equivalent grade.

RMA TUI DUBLIN BRANCH

This AGM of the RMA TUI urges the union to continue in its efforts to achieve full pension restoration for all public servants in terms of application of Restoration to making-up for shortfall in lump sums paid to those who retired between March 2012 and the end of 2021.

RMA TUI DUBLIN BRANCH

With a view to developing a more comprehensive approach to membership recruitment this AGM mandates National Officers, Area Representatives and Branch Committees work together to ensure that the recruitment of new members is given the highest priority over the coming years. The outcomes of such work should be reviewed and evaluated by the NMC to see if, and where, intended results are being achieved. Results of the review should be made available to branches for evaluation allowing best recruitment tools to evolve and be used.

SLIGO RMA

The RMA requests the TUI to negotiate the following with the NSSO

- (1) That all pensioners are promptly notified of the timeline for the payment of all pension increases and arrears.
- (2) That all pension increases and arrears are paid within 40 working days of the issuing of the Circular Letter sanctioning the salary increases and a late payment fee of 1% for every five working days apply to the arrears thereafter.
